

CBCA Qld Readers Cup

Regional Coordinator's Guide

Welcome to the 20th Year of Competition!

Hi to our previous coordinators and a warm welcome to our new ones. Thank you for offering to be a Regional Coordinator this year. Without you the competition would not be the success it has been – and those of you involved previously know how much the students gain from being involved.

We would like to make special mention of Fiona Eastwood, Brisbane South Region, who has been a coordinator since the competition started in 2004, this year being the 20th year.

Thank you, Fiona, your support has been amazing.

Readers Cup is a major event run by the CBCA Qld Branch each year.

For our old hands this guide contains much information that you already know, but we still urge you to take the time to read through. From your feedback each year we have made some slight changes to keep the competition running as smoothly as possible.

- Current year corporate/school financial members of CBCA Qld Branch receive complimentary registration for up to TWO teams in total across all competitions. That means a school that enters a team in the 5/6, 7/8 and 9/10 competition would be entitled to two of these free and would pay for the third registration.
- When a school joins the CBCA Qld Branch they are given the code in the welcome letter
- **NEW 2023** – If a school registers more than two teams for free, subsequent registrations will be 'rejected' in the trybooking system and will be advised that they have expended the use of the free promo code and ask them to reregister and pay the relative fee. Unfortunately this is not an automated system, and will be completed manually on a weekly basis.
- As teams register on trybooking, you will receive an email from trybooking.
- **All registrations are handled by CBCA Qld Branch Treasurer and the Readers Cup State Committee – any queries please direct to them to us**

Monitoring your registered teams

- All teams registered will be listed on the Regional Competition page of the relative region. The website will be updated each weekend.
- **These are the ONLY teams that are registered** – if you have a school not appearing refer them to us. Please check this during the lead up to the regional competition.
- Regional coordinators can extract full information from trybooking (names of school coordinator, email etc) using the producer code supplied by Readers Cup admin.

How to extract a report in Trybooking

When you login to Trybooking with your producer code you have two reports available - Custom Report (Export data) tells you who has entered, and Event booking payments shows who has paid.

Select **Custom Report**, then create a new report. Name it *Readers Cup Registrations*
Under Field Group select **Booking details** from the drop-down menu. Tick the + beside

- First Names, Last Name, Address 1, Address 2, Suburb, Telephone, Email

Under Field Group select **Ticket details** from the drop-down menu. Tick the + beside

- Ticket number (if you accept more than one team per school),

Under Field Group select **Custom for questions** from the drop-down menu. Tick the + beside

- Name of School, Name of Team contact , Contact email

Click on save and download to the report.

Finances

CBCA Qld Branch is a registered charity and Readers Cup is run not for profit. The registration fees do not usually cover the cost of the state wide competition and fund raising through membership and small events also contribute to running the competition. All committee members are unpaid volunteers.

Allocation – Regional Competition

- CBCA Qld Branch supply the trophies, medallions and certificates for the regional competitions.
- A maximum of \$200** per competition per region as discretionary funds will be allocated for regions with a minimum of six teams competing.
- For regional competitions that have less than six teams competing trophies and medallions will still be supplied.
- If you run both 5-6 and 7-8, then you can claim \$400. You will be reimbursed for money spent up to your allocated amount.
- ***Regions who opt to source local trophies and medallions have a total of \$300 to spend which includes the cost of providing the trophies and medallions. (See - Prizes)*

What to spend it on

- Your money can be spent on anything that you need to host your Regional Competition
 - Prizes for students
 - Author appearance fees or gifts for guest author/speaker
 - Venue hire

Accountability / Expenses Claims

CBCA Qld Branch is accountable for all monies collected and expended. All financial records are audited each year. Your assistance in maintaining accurate records, sending in paid invoices/receipts with the expenses claim form (appendix) is appreciated.

We are also happy to accept invoices directly to pay, please email us with the details of the region and competition (eg Readers Cup 5/6 Gold Coast).

PREPARING FOR REGIONAL COMPETITION

Start Early

- Invite neighboring libraries/schools to a meeting to **organise the competition**.
- Organise the **date and venue** of the Regional Readers Cup Competition. Will a local school/library host the competition, or do you need a hall?
- Notify the State Committee of your dates and venue by 15th February**
- Publicise the event** in each school/library and the wider community.
- Contact schools as they register** and ensure that they know what books need to be read and when and where the finals will be held. Refer them to your page on the Readers Cup website that has all the information they need or create a brochure to send to the schools.
- Commence fundraising if travel and accommodation costs are needed.

Judging Guidelines

- Depending on the number of teams, it is wise to have at least three judges.
- Allocate each judge one set of questions to mark, e.g. Judge 1 marks all answers for books/questions 1 and 2, Judge 2 marks all answers for books/questions 3 and 4 and Judge 3 marks all answers for books/questions 5 and 6 in every round.
- As long as each judge marks consistently, then there should be no variations in marking the same questions.
- Where possible you can have one judge per book. Judges need to be familiar with the books they judge.

If during the competition any team has any issues with answers or scores that are announced progressively, the coordinator should be made aware of the issues and they should be dealt with as soon as it is feasible to do so. At the end of the event, once the winners have been announced, there should be no challenges made to scoring, and no re-marking done.

How to involve reserves

Reserves have usually put as much effort into the preparation of the team as the others. Regions should allow teams to substitute their reserve for another team member at the end of any round. You can also involve them in collecting the questions to hand to judges.

Prize-giving

In addition to the prizes supplied by CBCA Qld Branch many regions offer book prizes to the top scoring teams or all teams, depending on the number of teams in the competition and how far the budget can be stretched.

- Source books from donations and at a discounted cost from local booksellers.
- The Book Warehouse** in Albion, Brisbane is a strong supporter of Readers Cup and warehouse sales at **Scholastic Warehouse** are another option. (Usually held in February/March, June and November) Identify yourself when you go in to say what

you are looking for to see if they can help out. You may need to go a few times to build up stock.

- Instead of leaving book presentations to the end, you can do it between rounds.
- They could be given to the top team in each round, but a team may only win books once, so if they are top a second time, it goes to the next highest scoring team that has not won books.
- If book supply is limited, you can either use a tiebreaker to decide who wins the books for the round or do a lucky draw. If you have a good supply, then give to each team with the highest score.

Quizmasters

- Some local authors are willing to act as quizmaster for free but if your budget can pay a small fee, it is good to offer.
- The quizmaster can talk to the teams towards the end while final scores are being tallied. Allow about 20 minutes for this.
- Invite a local bookshop to sell books by your guest author, or other books by the authors of the books in your competition. If the bookshop offers 10% commission, ask if they can provide gift vouchers as prizes to the winning team/s.

Books and Questions

Books

- **Decide which books** will be used in the regional competition and notify Jenny Stubbs qldreaderscup@cbca.org.au so they can be listed on the website.
 - If you choose titles that other regions do, then there will be more opportunity to share questions.
 - Try to select a range of genre and reading levels as some smaller schools have fewer students from which to select a team.
 - Ensure books are in print before publishing your list.
- The list of books being used in each regional competition will be listed on the Regional Coordinator's Portal

Questions

- **Organise who'll prepare questions** for each of the books. (6 to 10 questions from the whole book not just the first part)
- Rate the questions as easy, middle or hard. They must provide page references and answers. See question template.
- Use the question template (below) to **send copies of questions to Jenny Stubbs – State Coordinator** (end of Term 1). *NOTE: Those writing questions and with knowledge of the questions should not pass this information on to their students.*
- State Coordinator will put the questions on the Regional Coordinator's Portal on the website so regions can share questions.
- Beginning of Term 2 select questions – website should now have a range of questions to select from as well.

THE COMPETITION DAY

- Organise a **Quiz Master** for the occasion. This can be a local author if available.
- Organise a **bookseller** for the event. (optional) Sell books by competition authors and other titles.
- Organise **additional prizes** as required. It's sometimes fun to ask extra audience questions on any literary topic in between rounds to give judges time to mark. One source of extra quiz questions could be from the Kids Lit Quiz site www.kidslitquiz.com/sample-questions
- **Invite an author** or other special guest to present the prizes if possible.
- **Organise** judges, timekeeper, scorer, data-projector, answer and scoring sheets, pencils, chairs, small tables or clipboards for teams.
- **Prepare questions** for the quizmaster to read out.
- Prepare questions with answers and notes on **scoring for judges**.

Concurrent Year 5/6 & 7/8 or 7/8 & 9/10 Program

North Qld have run their Readers Cup a little bit differently from a strictly primary or secondary competition. They select 3 titles for primary only, 3 for primary and secondary and 3 for secondary only. They then have the one competition on the same night - which saves a lot of administrative organization and time. They also fundraise on the night to send their teams down to Brisbane. It has worked really well for them, so they can highly recommend that way of conducting a joint competition.

Winning Team Information

- Present the winning team with their trophies as well as the book pack (one copy of each title to be used for the state final) plus the Information for winners of the Regional competition (Appendix for information).
- These are all part of the pack sent to Regional Coordinators prior to the competition.

Immediately After Competition

- Email the following to qld@cbca.org.au and cc qldreaderscup@cbca.org.au
 - Copy of scoresheet (New 2023)
 - Names of 1st, 2nd and 3rd place
 - Reimbursement request and receipts
- Provide the winning team with relevant information for attending state finals. (Information pack included with books for state finals)

Feedback

We love feedback and photos from the regions to go in CBCA newsletters and on the website.

It's a good idea to ask teams how much they enjoyed the books. You could handout a form listing the titles asking them to rate the books. Alternatively you can set up an online survey to gauge responses plus other feedback.
